THE FIITJEE

Journey

FIITJEE was created in 1992 by the vision and toil of Mr D. K. Goel, a Mechanical Engineering Graduate from IIT, Delhi. We had a very humble beginning as a forum for IIT-JEE with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realisation of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide **Wholesome School Education** to Students through FIITJEE Integrated School Programs like **SUPREME & PINNACLE**, in a way, so that there was no need for any type of coaching outside the School System. In addition to the launch of **FIITJEE Junior Colleges in Hyderabad, Vijayawada, Visakhapatnam** and **FIITJEE Global Schools in Chennai & Vellore**, many like-minded Schools across the Country joined hands with us in this Student-centric endeavour to create Ideal School Education platform for Students to get admission in IITs without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And, it was this faith only that again enabled us to create a landmark success in NTSE. The launch of **FIITJEE World Schools at Hyderabad** was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world class.

“ This Journey from just an IIT-JEE Coaching Institute to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

For us, this Journey itself is the destination.”

Mr. D. K. Goel

(Founder Chairman and Chief Mentor)

Our admission test papers have not been restricted to a certain syllabi to ensure that Students are not able to enhance their performance significantly by working only for a few weeks / days. A Student who has worked hard in a thoughtful manner with sustained motivation over the years will do better than others. With this we come to know one's real potential for Competitive Entrance Exams over others. Like JEE / Other prestigious competitive exams, our tests are low scoring. The technique to succeed is to improve your strike rate i.e. focusing on correct solutions rather than attempting all questions.

Students registering for Admission Test can download Free Sample Papers from our website. Log on to <http://fiitjee.com/samplepaper.aspx> with your Registration Number and Web Access Code / Student ID (SID) as printed on the Admission Test Hall Ticket. Integrated School Programs

(Not-for-Profit Initiative)

FIITJEE Integrated School Programs are a dream of FIITJEE team to bring renaissance in the Indian Education System and we try to move towards Ideal School Education. Being a private initiative at highly subsidised course fee, the seats for all integrated school programs are limited.

Our Integrated School Programs have the capability to help Students of Class IX, X, XI & XII to achieve - Overall Academic Excellence in Class X & XII Boards, State level science & scholarship tests, NTSE, JEE Advanced, JEE Main in a single system within regular school hours. Thus, bringing in tremendous focus & reduction in undue stress.

What is an Integrated School Program ?

- A study program with a synergistic approach to both the School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exams preparation.
- A program that will prepare Students extremely well not only for JEE Advanced, JEE Main & Other Engineering Entrance Exams but also for School / Board exam as well.
- A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self-studies, which a Student would not have got otherwise and also giving him/her sufficient time for co-curricular activities, sports, social activities etc. which are equally important for his/her personality development.
- A program that eliminates the negative pressure on the Student.

Integrated School Programs (Not-for-Profit Initiative)

Benefits to the Students

- Students enrolling in these programs will have an integrated study plan.
- The studies for both School / Board as well as JEE Advanced, JEE Main will be controlled & executed by FIITJEE.

- Complete Lab & other support will be provided to the Students.
- Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports, social activities etc which are very important for their personality development.

FIITJEE & the Associate School will also aim for :

1. Developing Proficient Communication skills with confidence in every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness of life for each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well-being, Awareness & growth with intensive Yoga & Meditation for all Students.

5. Developing important personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and they hardly respond to changes required).

PROGRAM FOCUS & OBJECTIVES

- ✓ Emphasis on imbibing the Fundamental Concepts of Maths, Science & Social Science.
- ✓ Sharpening Analytical Skills and evolving their thinking process which makes one capable of solving complex problems.
- ✓ Imparting right Time Management skills to ensure optimum output.
- ✓ X Board : Comprehensive coverage of class IX and X syllabus.

ISSUES CONCERNING THE STUDENTS OF IX

- ✓ A breakthrough program for IX students.
- ✓ One major requirement to clear various competitive entrance exams - is a strong understanding of fundamentals and a high level of IQ.
- ✓ It is also imperative for a student to excel in X board exams so as to make him / her eligible for science stream in class XI-which is a pre-requisite for pursuing engineering as a career.
- ✓ Most students rush past the IX and X classes, concentrating only on the immediate objective of a high score in the board exam and start preparations competitive examinations from class XI onwards.
- ✓ The way Science and Maths is taught at IX & X standards, it does not help a student to prepare for either National Talent Search Exams (NTSE), NSEJS / IJSO & RMO or other State Science Talent Search Exam examinations.

- ✓ As a result students tend to ignore competing in and preparing for exams like NTSE, NSEJS etc. – not realizing that these exams give him / her the much required exposure to the world of competitive exams, in addition to all the glory they bring along.
- ✓ There is a quantum jump in the level of difficulty of subjects for students in Class XI as compared to Class X.
- ✓ The students in any case have to struggle to cope up with Class XI syllabi, add to that competitive exams preparation with absolutely no exposure to competitive exams, the job becomes much more daunting.
- ✓ Therefore it is essential that a student develops a strong foundation for competitive entrance exams while in Class IX and X only – enabling him / her to perform at an optimum level in class XI / XII

THREE YEAR CLASSROOM PROGRAM

for JEE Main & JEE Advanced, 2024

This program also prepares students comprehensively for other Engineering Entrance and respective Competitive & Scholastic Exams.

www.fiitjee.com/3yrcrp.htm

The long term goal of this program is to help each & every student get an optimum Rank in JEE Main & JEE Advanced. Besides this, students will be holistically trained in a stress-free & healthy learning environment which will empower them to ace scholastic exams like NTSE, KVPY, Jr. & Sr. Olympiads etc. These three years of intensive preparation works like ambrosia even in X & XII Board Exams.

IITs have restricted the no. of attempts for JEE Advanced. Students now just have two chances – one right after the XII board exams and the second immediately in the next year. As a priority, they should try to succeed in JEE Advanced in the first attempt and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky. Best way is to start your JEE preparation from the beginning of Class IX, but if you have not been able to do so, it is prudent to start your preparation at the earliest. Three Year Classroom Program for JEE Advanced, 2024 for Students who are presently in Class X is the next best alternative.

Physics, Chemistry, Mathematics, Biology, Social Studies & Mental Ability will be covered for NTSE level while focus for JEE Advanced continues. Classroom contact hours of approx 1165 hrs. i.e. (350 in Class X, 415 in Class XI & 400 in Class XII). Entire course is divided into 9 Phases – 4 Phases in Class X, 3 Phases in Class XI & 2 Phases in Class XII. Our Academic Phase Plan covers the entire syllabus of JEE Main and JEE Advanced. Each phase has exhaustive quizzes and phase test (both on JEE Main & JEE Advanced pattern). Additional doubt removal sessions, Rank Improvement Program (RIP), All India internal Test Series (AI2TS), All India Common Phase Test, Grand Masters Package (GMP), Computer Based All India Test Series (AITS) & myPAT – The Online Test Series along with Test Analysis Sessions are also part of the program.

1. Rs. 10,000 less 50% scholarship = Rs. 5,000/-

Preparing well for JEE Main & JEE Advanced is one thing and transforming the knowledge & skills into success on JEE day is another. Many Students are not able to adopt the right approach and proper examination temperament, as they do not have the right feedback on their preparation. If you fail in JEE Main & JEE Advanced it is a permanent loss, which is irreparable, and mistakes committed are not correctible. **Test Series will teach you how not to fail. It is an opportunity for you to ensure that you convert your skills into success on the JEE day. Test analysis help Students realise:**

- Correlation between percentage of marks attempted & marks obtained.
- Silly mistakes, which could have been avoided.
- Psychological temperament required to perform optimally in the exam.

The level of difficulty in the tests is changed strategically to prepare Students for all types of exams - from very difficult to relatively easy ones. It has been observed that JEE Advanced exams have been coming up with different kind of content in one or the other subject in terms of the level of difficulty & the style of the paper. FIITJEE test series (with test analysis) will ensure that do not suffer any setbacks due to these fluctuating trends. The quality of our test papers is evident from the fact that many questions of IIT-JEE / JEE Advanced from 1995 to 2020 are either identical or similar to questions, which were a part of the FIITJEE All India Test Series.

IDEAL SCHOOL EDUCATION

...is one where you do not have to make choices. Choices between performance in Boards and Competitive Exams. Choices between academics and extracurricular activities. Choices between learning and rote learning. And most importantly choices between enjoying education and not being stressed by it.

Ideal School Education is one with a holistic approach that is comprehensive, so that there is no need for any sort of coaching / tuitions / supplementary support services outside the school education. Where the goal is not just securing good marks in the Board exams but also not neglecting other areas like competitive exam preparation etc. while pursuing this goal. And where the child is able to deliver his / her best in both – boards as well as competitions – that too by having to go through a single system of learning. Where the extracurricular activities are in consonance with the overall objective of wholesome education – preparing Students for global careers as well as enabling them to conduct their lives in a much desired, honest, ethical and truthful manner.

TRULY COMPLETE IDEAL SCHOOL EDUCATION @ FIITJEE WORLD SCHOOL

Providing wholesome education & preparing Students for life long excellence

Nurturing and developing thinkers and opinion makers

Grounding them in solid Indian Value Systems

Focusing on essential life skills & ethics – enabling Students to lead a better life

Giving a platform to Students for global careers

Making education a completely enjoyable process by eliminating stress out of the child's life

FIITJEE World Schools at Hyderabad are affiliated to SSC Board – Telangana (till Class X) and Inter Board (Class XI / XII).

ENHANCING IQ AND RAISING COMPETITION

Cult Metamorphosis Test (CMT) & MAT, English, Biology, Social Studies & Computer Science (MEBSCOM)

Our weekly objective test (based on micro-scheduled teaching during that week) helps children in continual learning and grading where the child is not burdened just before the exam to learn many things.

Thus a Student in FIITJEE World School is NEVER unhappy or tensed about any exam as learning is a constant UPGRADING, ENRICHING, and ENTHRALLING experience.

Formative Assessment (FA)

This is our month end exam which is based on the month long learning of the child in different subjects. This is a Subjective Paper designed to hone the writing skills of the child.

Visual and Performing Arts as a medium of Relaxation

Arts of different mediums in our Schools (Painting, Music, Dance) is for relaxation so that they improve Students' classroom performance. They are forms of giving an output to their parallel medium of communication.

Games like Spell-O and Chess are introduced to keep their concentration sharp

On an everyday basis we have Yoga and Meditation classes which helps children to relax and concentrate better in their classes

Inter-House Competitions

The Schools are divided into four houses wherein, at regular intervals, competitions like Debates, Declamation, Quiz, Dancing, Singing, Theatre, Bulletin Board etc. are being conducted.

EXTRA CURRICULAR

Creating Global Indian Citizens

Recognising the fact that Schools need to play a proactive role in nurturing and developing personalities and preparing the Students as global citizens with a strong grounding in Indian Value system, FIITJEE World Schools aim for:

1. Developing Proficient & Confident Communication ability in each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life in each Student.

3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

INDIVIDUAL DEVELOPMENT PROGRAM (IDP)

- In FIITJEE World Schools, irrespective of IQ levels of the children, best learning environment is provided for nurturing their inherent talents and honing their skills.
- Recognising the major anomalies in the current education system, FIITJEE World School has come up with a unique Individual Development Program (IDP).
- IDP through an ongoing Mentorship endeavours to provide equal opportunities to every single Student.
- The Mentorship is individualised and its sole objective is to identify, develop and enhance the inherent talent / skills in every single Student.
- Not restricted to the academic aspects only, IDP ensures the development of the core soft / life skills of the Students.

RESIDENTIAL FACILITIES

Hostel facilities that promote a sense of well-being among children in a conducive environment to nourish them and enable them to blossom into ideal human beings.
