Whatever stream you may choose in class XI, you must study with FIITJEE from class VI to X and if you are taking Physics, Chemistry & Mathematics and wish to pursue a non-engineering career, then you must study with FIITJEE till class XII to acquire deep thinking and analytical skills required for success in competitive exams, career & life.

I am a doctor. I did my MBBS from AIIMS, New Delhi. I studied at FIITJEE in class IX and X, which gave me an advantage of enhanced analytical & improved decision-making skills. This gave me enough confidence to pursue the **Medical Stream** later in class XI & XII. The principles learnt at FIITJEE are benefitting me even now. Indeed, joining FIITJEE till class X was the apt decision for me. - Ira Pachori

To achieve my aim of building a career in Law, I took **Humanities** in class XI & XII. To develop my analytical & logical thinking and research skills, I chose to study at FIITJEE from class VIII to X. Only because FIITJEE taught me to solve analytical reasoning questions integral to competitive exams, I could clear CLAT. Today, I am enrolled in BA LLB at Nalsar, Hyderabad. - Barkha Singh

It was my pre-set goal to choose **Commerce** after class X and make a career in Economics. And to strengthen my Mathematics and critical-thinking skills, I joined FIITJEE from class VII to X. Those 4 years of beneficial learning made me academically able enough to pursue Economics Honours from Indraprastha University, New Delhi.

- Srishti Chopra

I wanted to become a Management Professional. I took **Arts** in class XI & XII and to cement my academic foundation, I studied at FIITJEE in class IX & X. FIITJEE developed my IQ, strategic thinking skills & infused in me enough confidence to pursue BBA. Today, I am doing MBA in Marketing & the learnings of FIITJEE still remain the biggest support in my life & career.

- Abhishek Sharma

I am an IAS officer & always wanted to be one. Since I wanted to opt for **Science Stream** in class XI and XII, I joined FIITJEE right in class IX & continued studying till class XII. This enhanced my IQ, developed rational thinking & problem-solving tactics, pre-requisites to crack UPSC exam. The learning at FIITJEE helps me till date in real life applications.
