### For JEE Advanced 2020

(One Year Program for Students of Class XII / XII Pass)

Preparing well for JEE Main & JEE Advanced is one thing and transforming the knowledge & skills into success on the JEE day is another. Many Students are not able to adopt the right approach and proper examination temperament, as they do not have the right feedback on their preparation. If you fail in JEE Main & JEE Advanced it is a permanent loss, which is irreparable, and mistakes committed are incorrigible. Test Series will teach you how not to fail. It is an opportunity for you to ensure that you convert your skills into success on the JEE day. Test analysis help the Students to realize:

- Correlation between percentage of marks attempted & marks obtained.
- Silly mistakes, which could have been avoided.
- Psychological temperament required to perform optimally in the exam.

Level of difficulty in the tests is changed strategically to prepare Students for all types of papers - very difficult to relatively easy ones. It has been observed that JEE papers have been coming up with a different kind of content in one or the other subject in terms of level of difficulty & style of the paper. FIITJEE test series (with test analysis) will ensure you do not suffer any setbacks due to these fluctuating trends. The quality of our test papers is evident from the fact that many questions of IIT-JEE from 1995 to 2018 are either identical or similar to questions, which were part of FIITJEE All India Test Series.
