

**ASCENT – One Year Classroom Program for
Excellence in School, Boards and all scholastic & competitive exams at city, state &
national level including NTSE + NSEJS / IJSO + RMO
(For Students Presently in Class IX going to X in the year 2023)**

PROGRAM FOCUS & OBJECTIVES

This program comprehensively prepares you for school, boards and all scholastic & competitive exams at city, state & national level, including NTSE, NSEJS / IJSO, Pre-RMO & RMO by raising IQ of the students i.e. sharpen analytical skills & mental ability and evolve students' thinking process making them capable of solving complex problems.

This program lays a strong foundation for competitive exams like NEET, JEE Main & JEE Advanced etc. and helps students to easily adapt to the exponential increase in the level of academics in Class XI & XII vis-a-vis those who wait till Class XI to join a coaching institute. Along with Physics, Chemistry & Mathematics, Social studies & Biology are also taught in this program. Mental ability is exhaustively taken up.

ISSUES CONCERNING THE STUDENTS OF X

- ❖ A breakthrough program for X students.
- ❖ One major requirement to clear various competitive entrance exams - is a strong understanding of fundamentals and a high level of IQ.
- ❖ It is also imperative for a student to excel in X board exams so as to make him / her eligible for science stream in class XI—which is a pre-requisite for pursuing engineering as a career.
- ❖ Most students rush past X class, concentrating only on the immediate objective of a high score in the board exam and start preparations competitive examinations from class XI onwards.
- ❖ The way Science and Maths is taught at X standard, it does not help a student to prepare for either National Talent Search Exams (NTSE), NSEJS / IJSO or other State Science Talent Search examinations.
- ❖ As a result, students tend to ignore competing in and preparing for exams like NTSE, NSEJS etc. – not realizing that these exams give him / her the much required exposure to the world of competitive exams, in addition to all the glory they bring along.
- ❖ There is a quantum jump in the level of difficulty of subjects for students in Class XI as compared to Class X.
- ❖ The students in any case have to struggle to cope up with Class XI syllabi, add to that competitive exams' preparation with absolutely no exposure to competitive exams, the job becomes much more daunting.
- ❖ Therefore, it is essential that a student develops a strong foundation for competitive entrance exams while in Class X only – enabling him / her to perform at an optimum level in class XI / XII.

COURSE STRUCTURE

- ❖ Entire course will be covered in **4 phases**.
- ❖ Single comprehensive study material (by Megacosm Cognitions). Additional problems will be supplemented wherever necessary. Students should not require any additional books etc.
- ❖ Workbooks for Home Assignment.
- ❖ Subjects covered: Physics, Chemistry, Mathematics, Biology, Social Studies & Mental Ability will be covered.
- ❖ **Chapter Practice Problems (CPP):** On each chapter students will be given chapter practice problems which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the students with remarks and suggestions. Thus, helping every student to have a very strong command over fundamental concept knowledge very crucial for getting Top ranks.

- ❖ **Class Learning Improvement Program (CLIP):** Icing on the cake of every class will be done through Class Learning Improvement Program for those who have completed all assignments to further help them get a **higher Rank / performance in NTSE in Class X.**
- ❖ Success Potential Index (SPI): We are the only institute in India having the capability to predict Success Potential Index (SPI) of a student. We constantly encourage our students to emulate their Success Potential Index (SPI).
- ❖ Special support /Additional coverage of syllabus for NSEJS (Jr. Science Olympiad Stage-1) qualified students in class 9 & 10 for IJSO, as this Level demands topics from higher classes.
- ❖ Preparation for NTSE stage2 will continue even after the completion of this program for those who qualify NTSE stage1.
- ❖ **All India Open Test Series for Target NTSE** - You can check your current level of preparedness for Competitive exams and compete with Top students currently studying in class X through this Open Test Series, at the National Level which will also check the Fundamentals Preparation for IIT-JEE on the topics of class IX / X.
- ❖ **24/7 accessible Online Test Series for JEE Advanced with deep concept wise analytics & insights.**
- ❖ **Mock Board Test Series, Mock NTSE Test series across the country for all FIITJEE students.**
- ❖ Regular feedbacks & test analysis sessions.
- ❖ Dedicated academic operations team provide feedback at any point of time apart from scheduled parent teacher meetings.

DURATION

- ❖ **300 hrs.** including classroom interaction and tests.

Class Schedule & Frequency

❖ Regular Week Option ❖

Classes will be held for about 3-4 days in a week from 4:30 pm to 6:45 pm

❖ Weekend Option ❖

Classes will be held on Saturday from 4:30 pm to 6:45 pm and Sunday from about 9:30 am to 1:00 pm. However, during vacation classes can be held on weekdays also.

Note : FIITJEE reserve the right to start all options or any one/ two option depending upon the circumstances.

START EARLY -BEAT THE COMPETITION

Serious students aspiring for success with a good Rank in the IITs understand the importance of starting early in their preparation for JEE. As the JEE Main & Advanced become more competitive now, it is necessary to build a strong fundamentals base, as early as possible. FIITJEE's early edge programs are designed to give serious students that extra advantage that can help them get a Top Rank in JEE Main & Advanced.

- ❖ Gives you more time to adapt to the quantum jump in the level of difficulty with better ease as there is more time for understanding and consolidation, which is spread over a longer academic plan.
- ❖ Optimum utilization of time available.
- ❖ Early starters will always have more time before the actual Board & Engineering Entrance / Other Competitive / Scholastic Exams as their course curriculum will finish much before the batches starting later.
- ❖ More time to consolidate on one's performance and for self-revision, polishing of examination temperament & removal of last moment doubts. This is very vital to help students achieve a quantum jump in His / Her Rank.
- ❖ As serious aspirants would never like to wait, the competence of the batch starting early would be very high as the brightest/serious of the lot will join at this stage thus giving you better competition you always wanted.
- ❖ Earlier tests & joining FIITJEE give you more time for academics, and lower fees.

❖ **ASCENT – RAISING YOU TO YOUR GOALS** ❖
